

How to Use Voice Reminders on the Vocera Smartbadge

Course Description

Welcome to Vocera Reminders training! Voice Reminders allow you to record your voice and send the recording as a reminder to yourself or others to take action. This 7-minute course will show you how to use voice reminders on the Vocera Smartbadge.

Requirements

This course is designed for customers on Vocera Platform version 6 or have Voice Server 5.2 or higher.

Learners taking this course should be familiar with the basic voice features of the Vocera Smartbadge. The training is best viewed on a monitor, laptop, or tablet.

Learning Objectives:

By the end of the course, you should be able to:

- Describe what a voice reminder is
- Describe use cases for using voice reminders
- Recite the commands for recording and deleting voice reminders
- Demonstrate the steps of recording and deleting voice reminders
