MIS training summit - Module 2 MIS Practical workshops

Day 1 : Wednesday June 8th 2022

Workshop location:

Amsterdam Skill Center

Tafelbergweg 47,
1105 BD Amsterdam, The Netherlands

Agenda:

Time	Event
12:00	Lunch and meet Faculty
12:30	Course introduction and objectives
13:00	1 st workshop session*
15:00	Coffee break
15:30	2 nd workshop session*
18:00	End of the session and departure to the hotel
19:00	Welcoming drink at the bar of the hotel
19:30	Dinner at the restaurant of the hotel

*Organisation of the stations available

- **Station 1 Dr Glowacki**

Tumor - trauma with ES2 augmentable (MIS TLIF)

- **Station 2 Mr Seidel**

Adult deformity and complex conditions via ATP

- **Station 3 Dr Ardura**

Treating VCF using SpineJack/Augmentation

- **Station 4 Dr Sassi**

MIS fixation using EVEREST MI and SpineMap Go

- **Station 5 Mr Murray**

Post-traumatic deformity (corpectomy with Niagara)

●

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery. The information presented is intended to demonstrate the breadth of Stryker product offerings.

A surgeon must always refer to the package insert, product label and/or instructions for use before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets.

Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.
