1. Introduction

Since its founding by Dr. Homer H. Stryker in 1946, Stryker has been committed to conducting its affairs lawfully and in accordance with the highest ethical standards. This commitment is set forth in Stryker’s Code of Conduct and reflected in Stryker’s mission and values.

Mission

Together with our customers,
we are driven
to make healthcare better.

Values

Integrity
We do what’s right

Accountability
We do what we say

People
We grow talent

Performance
We deliver

Stryker believes that interaction between the company and Healthcare Professionals (HCPs) and Healthcare Organizations (HCOs) is important to make safe, innovative and reliable technology and services available to patients. For the advancement of medical technology, we rely on the expertise and creativity of HCPs and HCOs. Stryker supports Medical Education also through the provision of Educational Grants to HCOs and Professional Conference Organizers (PCOs).

As a member of MedTech Europe and Confindustria Dispositivi Medici, Stryker is committed to the MedTech Europe Code of Ethical Business Practice and to Confindustria DM Code of Ethics (the Code). To comply with the Code Chapter 4 and specifically with its Disclosure Guidelines and FAQ, Stryker publishes the valued transfers made directly or indirectly to Health Care Professionals, Health Care Organizations and Third Parties. Valued transfers related to copyrights, promotional materials, food and beverage and samples are excluded from the obligation.

2. Scope

The disclosure of data in June 2022 covers payments that have taken place in the calendar year 2021. The date the payment was executed by Stryker determines the reporting calendar year (as opposed to the date the recipient received the amount and /or when the service has been rendered/the event has taken place).

In compliance with the Code, the payments reported in this transparency disclosure are originating from interactions with HCPs, HCOs and PCOs based or registered in Italy. These payments may have been made by different Stryker legal entities around the world, the majority based in Europe.

In countries where national laws, regulations or professional codes impose equivalent disclosure requirements to the MedTech Europe Code of Ethical Business Practice, as per assessment made public on MedTech Europe Transparency website, the payments will typically be disclosed according to local requirements and not duplicated in the MedTech Europe Transparency platform.

3. Disclosure specifics for Stryker

All payments are disclosed under Stryker Italia Srl, a Stryker company based in Italy, regardless of the Stryker legal entity executing the payment. Payments are aggregated by recipient name. In case of HCPs, payments are itemized if the individual has provided specific consent to the disclosure, otherwise they are reported as aggregated. Stryker maintains itemized information that can be made available, as deemed necessary, to the relevant requestors.

The recipient disclosed (**final beneficiary**) is the entity deciding on the scientific agenda of the event and/or deciding on the selection of HCP attendees. For example, when the grant requestor is a PCO acting on behalf of an HCO, the HCO is the recipient disclosed, where possible.

The amounts are disclosed excluding VAT and other taxes (where applicable).

Payments are disclosed in the currency they were executed. If a recipient aggregated amount includes payments made in different currencies, the disclosure currency is the one used in the recipient's country. Payments made in the other currencies are converted at Stryker's Corporate Treasury monthly average exchange rate for each payment date.

The database used to register and disclose the relevant data, has been populated by a combination of data from internal Stryker systems, standardized processes, and manual collection from internal and external sources. Stryker has dedicated the necessary resources to make sure this data is accurate. In case some information would be incomplete or incorrect, Stryker will immediately investigate the reported error and take the necessary action to correct it.
